ALLIES ARE NEARING
TOWN OF COMBLES
ON WESTERN FRONT

British Have Taken Possession of All of Leuze Wood and Are Now Battling Between There and Combles—French Break Up Attacks.

London, Sept. 6.—The British again pushed forward on the Somme front last night. They gained possession of all of Leuze wood, the war office announced to-day. The fighting continues between Leuze wood and Combles and in the vicinity of Ginchy.

Paris, Sept. 6.—The positions newly won by the French south of the Somme were attacked several times by the Germans last night and the assaults were broken by the French fire; the war office announced to-day.

In the Verdun sector, the Germans yesterday evening directed an intense bombardment against Fleury, but the French quick fire prevented the German infantry from advancing.

French Take 5,550 Prisoners Since Sunday.

The French official statement last night reads as follows:

"On the Somme front, despite the bad weather, our troops continued to progress and during the day secured important advantages. North of the river, following a series of brilliant actions in which our troops gave proof of irresistible spirit, we pushed our line into the district east of Forest. We reached the west outskirts of Anderlu wood, took by storm Hospital farm and Rainnet wood, captured part of Marriettes wood and occupied to the northeast of Clerly the extremity of a hill traversed by the road from Bouchevaines to Clerly.

"We also strengthened our positions north of the river connecting them with the southern bank and taking the village of Ommeicourt, which is entirely in our hands.

"The war material taken since Sept. 3 in the north sector includes 32 guns, of which 24 are heavy guns, two bomb throwers, two trench guns, an important stock of 150-millimetre shells, one captive balloon and a large number of machine guns. We have not yet counted the prisoners captured on Tuesday.

"South of the Somme the battle pro-

ceeded the whole day, with extreme violence. The enemy multiplied his counterattacks launched in mass at a great number of points along our new front, notably southwest of Barleux and south-east and south of Belloy. Notwithstanding the repeated efforts of the enemy, we maintained our lines and inflicted sanguinary losses on him.

"Between Verdun and Clerly we carried a salient and numerous isolated positions held by the Germans. "East of Soyecourt an attack by our troops gave us a line of German trenches and enabled us to reach the outskirts northwest and south of Denicourt farm. "The total number of prisoners taken since yesterday south of the Somme has reached 4,947, including 53 officers. In the same southern sector, four heavy guns and a hundred machine guns fell into our hands.

"The total number of prisoners taken since Sunday on the French front of the Somme north and south is 6,550, and the number of guns 36, including 28 heavy guns. "There was an intermittent cannonade on various parts of the front, which was rather violent east of the Meuse (Verdun sector) in the sectors of Fleury and Chenois."

LINES CLOSING IN.

Around Both Combles and Peronne in the West.

London, Sept. 6.—Gradually the lines of the entente allies are drawing more closely about Combles and toward Peronne, and farther and farther their wedges are being driven into the German lines both north and south of the river Somme.

On a front of about 25 miles the French and British troops, supported powerfully by their enormous artillery arm, are hammering steadily the German positions and undiminishedly sustaining fierce counterattacks.

North of the Somme to the east and southeast of Forest the French have driven forward their lines, capturing the outskirts of the Anderlu wood, Hospital farm and the Rainnet wood and part of Marriettes wood and a position on the road leading from Bouchevaines to Clerly.

TIPPED OVER AND BACK.

Auto's Movement Was Enough to Kill Man and Injure Nine.

Northfield, Mass., Sept. 6.—One man was killed and nine persons were injured yesterday when a touring car, carrying 11 passengers, tipped over on one side and then righted itself on the state highway, a mile and one-half from their town.

Isador Gamm, 30, of 46 White place, New Haven, was killed. At the Marlboro hospital are Mrs. Philip Gamm, her son, Louis, six years old; Mrs. Rachael Cohen and Henry, the five-year-old son of Isador Gamm. Mrs. Cohen is suffering from concussion of the brain. Others who were injured were Philip Gamm, his son, Edward, eight years old; Alex and Morris Gamm and Isador Hurritz, a lawyer. Mrs. Isador Gamm was the only member of the party to escape injury.

The motorists, all residents of New Haven, were returning to that city after spending the holiday with friends in Boston. Isador Gamm was driving.

According to a witness, the car, an ap-proaching the Marlboro-Northboro line, was moving at a moderate pace. It descended a hill safely and was taking a curve when suddenly the rear wheels skidded and the machine toppled over on its side. Swinging in a half circle, it suddenly righted itself and came to a standstill, facing the direction from which it had come.

TALK PEACE
AT CONFERENCE

American and Mexican Commissions Began Sessions

MEXICAN AT HEAD
OF FIRST MEETING

The Six Delegates Met at Hotel in Groton, Conn., To-day

New London, Conn., Sept. 6.—The six members of the American-Mexican joint commission assembled in their first formal session at a hotel in Groton to-day with Luis Cabrera, at the head of the Mexicans, presiding. The session was expected to be devoted to the arranging of details of the conferences that are to follow. Secretary Franklin K. Lane, chairman of the American commission, will preside to-morrow.

In accordance with General Carranza's preference, as expressed in his last communication during the negotiations which led to the naming of the commission, the immediate question of border military conditions will be first discussed. It seems likely that the withdrawal of General Pershing's troops from Mexico, the main object which the Mexican commissioners have been instructed to press and the terms of the protocol to cover future campaigns against bandits will be coupled together.

If an agreement is reached by the commissioners it must be ratified, both in Washington and Mexico City before it can become effective and it is improbable that the terms of any such agreement will be disclosed, until it has been approved.

DRASTIC DEMANDS IN CHINA.

Are Made by Japan, According to Advice in Washington.

Washington, D. C., Sept. 6.—Sweeping demands, far more drastic than any published summaries have indicated, are revealed in the secret terms being pressed on China by Japan as a result of the recent armed conflict between soldiers of the two nations at Cheng Chiatun in inner Mongolia. Private dispatches received here yesterday revealed that Japan seeks indemnities, an apology, and political concessions throughout the whole section of inner Mongolia, and South Manchuria.

The four formal demands are quoted as follows: 1.—Punishment of the commanding Chinese officer involved in the trouble. 2.—Dismissal, with punishment, of the officers involved. 3.—Instructions to Chinese troops in inner Mongolia and South Manchuria and to publish this fact broadly. 4.—Recognition of "special interests" for Japan in inner Mongolia and South Manchuria, comprising powers of police and administration preference in loans and in the selection of all foreign advisors, etc.

Besides the four "demands" are four "concessions" which China is asked to grant Japan without formal demand, as follows: 1.—The Chinese army in South Manchuria and eastern Mongolia to employ Japanese military advisors. 2.—Chinese schools and colleges to have Japanese military instructors. This is not limited to any section in dispatches so far received.

3.—A formal apology in person from the Chinese governor of Mukden to the Japanese governor at Dairen, and the Japanese consul at Mukden for the Cheng Chiatun trouble.

4.—Monetary compensation to the families of the Japanese killed, the amounts to be settled by later negotiations.

REVENUE BILL PASSED.

Senate Put It Through, 42 to 16, at Evening Session.

Washington, D. C., Sept. 6.—The administration emergency revenue bill designed to raise \$200,000,000 annually from taxes on inheritances and war munitions and from increases in the income tax; creating a tariff commission; establishing a protective tariff on dyestuffs; providing for protection of American firms from "dumping" at the end of the war; and giving the president authority to take drastic retaliatory steps against allied interference with American trade was passed late last night by the Senate. The vote was 42 to 16.

Eliminating the usual formalities in order to insure adjournment of Congress by Thursday by the latest, the Senate rushed the measure, the last on the administration legislative program, immediately to conference.

BLED TO DEATH.

After Striking Leg Against Showcase and Opening an Ulcer.

Portland, Me., Sept. 6.—Martin Feeney, aged 35, residence unknown, struck his leg against a showcase in a drug store last night opening an ulcer which had eaten its way into a blood vessel. The shock burst the vessel and the man bled to death before medical attention could be obtained.

He apparently was unaware of his injury until a clerk in the store, observing blood dripping from his leg called his attention to it. Before a doctor could be reached police headquarters sent an ambulance and five minutes after it had delivered Mr. Feeney at the Maine General hospital, he was dead.

The man had been in the city but a short time.

HUGHES CONDEMNS
HASTY LAW-MAKING

Says United States Has Advanced Toward Day of Action Under Pressure—He Wants Fair Dealing.

Lewiston, Ky., Sept. 6.—Charles E. Hughes, addressing an audience that filled the auditorium here yesterday, condemned "legislation in advance of investigation" and declared that the United States had "gone far toward the day when we shall have action under pressure, instead of in consideration of the facts."

Mr. Hughes' declaration was loudly applauded. The nominee did not refer to the Adamson law, but his remarks were interpreted by many in the audience as applying to it.

"We have a new spirit abroad in these recent days in America," Mr. Hughes said. "It is the spirit that demands legislation in advance of investigation. It is the spirit that demands executive action and congressional action in advance of an examination of the facts upon which said action should be based."

"It is the spirit that says: 'Legislate now and investigate afterwards.' It is the spirit of force. It is not American."

"In the bottom of my soul I desire fair dealings in this country between man and man. There is no more anxious than I that there should be equity in connection with all our relations. I want to see our human resources conserved by wise and intelligent action. I want to see every part of class antagonism vanish in the presence of the application of just principles. I want to see men knit together in a common fellowship."

There is something that precedes my demand, however, and that is the willingness to abide by the results of reason. It is the demand that when we do anything in this country we should understand the way we travel, where we put our foot down, and never surrender to any force of any kind. It is, as the future will unfold, our priceless heritage that we have a country where intelligence reigns, where there are many opportunities of education, where we are trying to stamp out every abuse working against our institutions.

We submit ourselves with respect to our greatest concerns to the arbitrament of the public judgment every four years. We submit our arguments, tell what we think and desire to be done. Then we go to the polls and express our convictions, and then every American citizen, whether he is victorious or defeated, goes home satisfied, and reason rules. But the day must never come and I regret to say we have gone very far toward that day, when we shall have any action under pressure, instead of on a consideration of the facts."

Thousands of persons who sought entrance to the auditorium were turned away. These Mr. Hughes addressed at an overflow meeting in the park outside. Mr. Hughes was accompanied on his trip from Louisville to Lexington by A. T. Hart, western manager of the Republican national committee. Mr. Hart said that no arrangements had been made for holding a meeting at Louisville during the 30 minutes' stop which Mr. Hughes' train made there and that it had been planned to have but one meeting in Kentucky, the meeting here.

NO IMMEDIATE STRIKE.

On New York Subway and Elevated Car Lines.

New York, Sept. 6.—After a conference of union leaders it was announced to-day that there would be no strike in the subway and on the elevated railway lines of this city for at least 48 hours. A committee which had been authorized by the employees to act in the matter decided to take a vote of all the unionized carmen. Balloting was immediately begun and will be continued to-day.

Mayor Mitchell, who is at the military training camp for civilians at Plattsburg, was informed of the critical development, and is expected to return to this city to-day. Oscar Straus, chairman of the public service commission, who aided the mayor in settling the recent surface car strike, expressed the opinion that the present difficulties could be adjusted under existing agreements.

BODY TAKEN FROM CANAL.

Believed to Be That of James Flannigan of New York.

Rochester, N. Y., Sept. 6.—The body of a man taken from the Erie canal here last night is believed to be that of James Flannigan of New York. Recommendations of a group of that name, found on the body, were signed by Charles Sabini, president of the Guarantee Trust company of New York, and Henry B. Britton, of the Erie Canal State Bank, also of New York, and addressed to Mrs. M. Fox, care of W. E. Reed, Canaan, Conn.

PASTOR'S COLLARBONE BROKEN.

Rev. E. M. Salmon of Swanton Was Thrown from His Carriage.

Swanton, Sept. 6.—Rev. E. M. Salmon, pastor of the Church of the Nativity, was thrown from his carriage yesterday afternoon while visiting at Highgate Springs and suffered a broken collarbone. The accident occurred when Father Salmon made too sharp a turn. He was taken to the Fanny Allen hospital at Winslow, where it was said that his injuries were not serious. For some time he was at the head of St. Michael's college, Winslow, and has been in Swanton for the past two years.

SIGNED BILL SECOND TIME.

President Wilson Wanted to Make Sure About 8-Hour Law.

Washington, D. C., Sept. 6.—To make certain of the legality of the eight-hour bill for railroad employees signed last Sunday, in order to avoid the threatened railroad strike, President Wilson last night signed the measure for the second time. He went through this unusual procedure because there was fear that the railroads in attacking the constitutional-ity of the law might make the claim that it was not effective because it was signed on Sunday.

As the enrolled bill went to the state department last night to become a public record, it bore the president's signature twice, with the dates Sept. 3 and Sept. 5.

KEYES' LEAD
INCREASES

Haverhill Man Nominated for Governor by the New Hampshire Republicans

HIS MAJORITY
OVER 3,000 VOTES

John C. Hutchins of North Stratford Named by Democrats

Manchester, N. H., Sept. 6.—Related returns from outlying districts filtering in to-day increased the lead of Henry W. Keyes of Haverhill over Rosecrans W. Pillsbury of Londonderry for the Republican nomination for governor in the state primary yesterday. Keyes was nominated on the face of returns from all but a few scattering towns by a margin upwards of 3,000 votes.

The same returns indicated the choice of John C. Hutchins of North Stratford as the Democratic candidate for governor over Albert W. Noone of Peterboro with nearly 2,000 votes to spare.

Congressman Cyrus A. Sulloway, a veteran of the national House, obtained re-nomination by the Republicans in a three-cornered contest in the first district.

Congressman Sulloway, seeking re-nomination in his 77th year, after nearly 20 years of service in Congress, polled probably as many votes as both his opponents, Rev. Thomas Chalmers of Manchester, who had resigned his pastorate to make the fight, and George I. Hazen, president of the last state Senate.

Orion Woodbury of Bedford will oppose the veteran legislator as the Democratic candidate, having been without an opponent for the nomination.

BALLOONISTS FELL.

Vermont Man Had Mishap at Maine State Fair.

Lewiston, Me., Sept. 6.—One of the smallest crowds which has attended the Maine state fair for years saw one of the best racing cards in many years yesterday afternoon at the second day of the big Maine fair. The weather threatened a downpour all day and though not a drop of rain fell, it kept the people at home.

An unfortunate accident to the balloonist married the sport of the afternoon. Jerry Hughes of Passumpsic, Vt., a professional who had been engaged to give an ascension and parachute drop each day of the fair, attempted to go up at 4 o'clock, taking with him Philip Young, 27 years old, of Knox street, Lewiston, intending to make a double parachute drop.

The balloon caught fire as it rose and when about 40 or 50 feet up the bottom of the balloon dropped and the men fell. Young sustained potter's fractures of both legs. Hudson apparently was not so severely injured, but complained of pain in his back. Both men were taken to the Central Maine General hospital.

STATE FAIR WILL TAKE PLACE.

Secretary Davis Denies Rumor That Is Being Circulated.

White River Junction, Sept. 6.—Rumors have been started to the effect that the Vermont state fair will not be held this year on its scheduled dates, Sept. 12, 13, 14 and 15, because of the recent ruling by the state board of health that children under 15 years of age cannot attend fairs.

Secretary Fred L. Davis of the state fair commission stated to-day that there was absolutely no truth in the report that had been circulated in several sections of Vermont and said positively that the fair would be held on the regular schedule dates. He also stated that the fair would be the biggest in the way of exhibitions ever held in its history.

Everything is practically ready for the opening day. The few details remaining to make the fair complete will be finished before the opening day, Tuesday, Sept. 12.

CORRUPT PRACTICES BILL UP.

Senate Decided to Discuss It, Having Nothing Else to Do.

Washington, D. C., Sept. 6.—The Senate to-day decided by a vote of 32 to 14 to take up Senator Owen's corrupt practices bill, which would greatly curtail campaign expenses and impose heavy penalties for violation of its terms. Seven Republicans voted with the Democrats to take up the bill and seven Democrats voted against the motion.

The vote to take up the bill does not necessarily forecast a delay in adjourning Congress. The Senate took it up, having nothing else before it; but the administration leaders said that in their opinion it could not reach a vote.

WANT RIGHT TO VOTE.

Prospective Citizens Seek the Right at Preliminary Next Week.

Whether or not a number of citizens who received their final naturalization papers in United States court are to exercise the franchise in the primaries next Tuesday will be determined when City Clerk James Mackay receives a reply from Clerk F. S. Platt. At the second meeting of the board of civil authority for the revision of the checklist in the court room at 12 o'clock last night, two newly made citizens presented themselves for the freeman's oath. It developed that none of those who were recently naturalized will receive their papers of certification for some weeks, so intricate is the government's procedure in cases of the kind; and therefore, to the end that none of the new citizens may be deprived of the right to vote, Clerk Platt has been asked to forward a list of those who took the oath of citizenship last week.

At an adjourned meeting of the board Thursday evening at 7 o'clock, it is expected that the papers from the clerk of the court will be in hand and applications for the right to vote will be honored accordingly.

Thirty-two changes were made to the checklist last evening, as against 19 at the previous meeting. Forty-five names were stricken from the list. F. G. Howland presided and eleven members of the board present. Ward 3 had the largest number of changes and there were no appearances from the fourth ward. The list follows:

Ward 1—L. E. Hutchins, George Murray, Jr., C. M. Hendrickson, W. F. Littlejohn, F. H. Abbott, George Henry, W. J. Jelliman, W. G. Simpson, Ernest Thompson.

Ward 2—J. M. Dunne, Dr. H. S. Carter, C. C. Spencer, J. W. Stuart, F. A. Skilling, W. J. Young, William A. Clark, G. H. Cushman, George S. Demerrell.

Ward 3—E. J. Dion, J. G. Forrest, George C. Stewart, C. S. Cushman, Richard Carpenter, Antonio Barberi, Severin Cherest, Lyman Whitcomb, Charles Colombo, Amelio Lotti, James F. Smith.

Rutland, Sept. 6.—An accident marred the program of the Rutland fair to-day. John E. Hobbs, recently designated as the 1916-1917 lessee of the Rutland opera house, presented a bond for \$800 with John Trow and W. H. Ward as security, which was accepted. The request of H. D. Graves for permission to sink a gasoline tank at the Bennett garage on Jefferson street was referred to the street and fire committee with power to act. Objection to congesting Jefferson street with automobiles was raised in connection with the request. A petition for a light on Nelson street was referred to the lighting committee. STREET MONEY
IS ALL GONE

But City Council Digs Down and Uncovers \$2,000 More

TO CARRY WORK
THROUGH THE YEAR

Report That Greater Part of the Plans Are Consummated

Street finances were aired at the regular meeting of the city council last evening when the city fathers got together for an hour's session before the board of civil authority convened in the court room. Announcement from the city treasurer to the effect that the street department had exceeded its \$12,100 appropriation for 1916 with four months remaining came just after a big batch of warrants had been approved for payment and maybe the news had a depressing effect on the little congress of legislators. It was the old story of all going out and nothing coming in but bills. Members of the street department argued that the bulk of the year's work had been done and that expenses in the
